### **Peter Basso Associates Announces Chris Kennedy now Licensed Professional Engineer in Michigan**

**Troy, MI, July 23, 2009** – Peter Basso Associates is pleased to announce that Christopher J. Kennedy has passed the final part of the Professional Engineers exam and is now licensed in Michigan.

Chris Kennedy is a Project Leader with Peter Basso Associates. He assists in the technical production of a project, including system design and layout, product research, documentation and drawing review submittals, and field investigations. He organizes and maintains each project file and monitors the budget and schedule throughout the course of a project.

Kennedy received his bachelor of science in electrical engineering from Michigan State University. His project experience is extensive and includes both new construction and renovation of retail, commercial, institutional, corporate and prototype facilities. He has been involved in the design of specialty indoor and outdoor lighting systems; medium- and low-voltage power distribution systems; fire alarm systems; emergency power distribution systems; power system evaluations and studies for existing primary and secondary distribution systems; and facility condition studies.

Peter Basso Associates is a 100% employee-owned mechanical and electrical engineering firm that was founded in 1990. The firm is comprised of highly qualified professionals who specialize in delivering mechanical and electrical engineering, energy management, commissioning, and communication technologies design services primarily to the Education, Healthcare/Laboratory, and Corporate/Governmental markets. Headquartered in Troy, Michigan, the firm also has offices in Ann Arbor, Michigan; Las Vegas, Nevada; and Phoenix, Arizona.
